FINAL REFLECTION

RHS
Senior Project

AFTER your presentation, please reflect on the whole Senior Project experience. In providing us with your written reflection, consider what you felt was the most rewarding and most challenging parts, what you would do differently if you were to do your project again, and how you will be able to apply in the future what you have learned. Your reflection does not have to be limited to these considerations, but should include them. This Reflection can be written, presented orally or 'signed' to your advisor.
