

## Your 10 minute presentation + 10 minutes Q&A

### The three important elements of your presentation are:

- Talk about the process you went through to create your final product
- Talk about what you learned
- Give specific examples or demonstrations

### Here is an outline of what your presentation should look like:

- 1. Attention getter**  
A statement to get the audience's attention and get them focused on your presentation.
- 2. Self- introduction**
- 3. Topic selection**  
What you did for your senior project?  
Why you chose your topic?  
What was the research you did to support your Project?
- 4. Research and process**  
Describe your final product  
Describe the process you went through to create it  
Give specific examples  
  
*A visual isn't mandatory, but may enhance your presentation.  
Show pictures, video, the actual product...*
- 5. What you learned**  
How can you apply what you learned?  
What you thought went well  
What you feel could be improved
- 6. Conclusion**  
Summarize your speech  
Leave your audience with an overall great impression of you and your project

Remember: all previous assignments must be turned in before presenting

### Dress requirement

Dressing appropriately for a professional presentation is expected. No jeans, athletic shoes or evening attire. The presentation is the major part of your Project you want to make a good impression.
